the long tradition of kierkegaard studies has made it impossible for individual scholars to have a complete overview of the vast

field of kierkegaard research the large and ever increasing number of publications on kierkegaard in the languages of the world can be simply bewildering even for experienced scholars the present work constitutes a systematic bibliography which aims to help students and researchers navigate the seemingly endless mass of publications the volume is divided into two large sections part i which covers tomes i v is dedicated to individual bibliographies organized according to specific language this includes extensive bibliographies of works on kierkegaard in some 41 different languages part ii which covers tomes vi vii is dedicated to shorter individual bibliographies organized according to specific figures who are in some way relevant for kierkegaard the goal has been to create the most exhaustive bibliography of kierkegaard literature possible and thus the bibliography is not limited to any specific time period but instead spans the entire history of kierkegaard studies

known for its clarity comprehensiveness and balance the latest edition of a history of economic theory and method continues that tradition of excellence ekelund and hébert s survey provides historical and international contexts for how economic models have served social needs throughout the centuries beginning with the ancient greeks through the present time the authors not only trace ideas that have persisted but skillfully demonstrate that past discredited ideas also have a way of spawning critical thinking and encouraging new directions in economic analysis coverage that distinguishes the sixth edition from its predecessors includes a detailed analysis of economic solutions by john stuart mill and edwin chadwick to problems raised by the industrial revolution the role of psychology and experiments in understanding demand and consumer behavior discussions of modern economic theory as it interrelates with other social sciences and a close look at the historical development of the critical role of entrepreneurship both in its productive and unproductive variants the authors creative approach gives readers a feel for the thought processes of the great minds in economics and underscores key ideas impacting contemporary thought and practice well crafted discussions are further enriched by absorbing examples and figures thorough suggested reading lists give options for more in depth explorations by interested readers

this volume features 19 original chapters on adam smith s conception of modernity the contributions demonstrate the relevance of smith as the great interpreter of modernity 250 years after the publication of the wealth of nations the chapters in part 1 focus on structural aspects of smith s work they cover topics such as smith as the theorist of a spontaneous order the systematic dimension of smith s theoretical construction and smith s role as a historian of economic thought part 2 addresses smith s conception of modern subjectivity between lectures on rhetoric and belles lettres theory of moral sentiments and wealth of nations here the contributors consider the figure of the smithian merchant and the importance of ridicule and satire for

understanding modern civility and comment on the role of sympathy imagination and moral judgement in developing a sense of self the condition of the modern man in society and the virtue of self command part 3 focuses on the crucial question of the relationship between ethics and economics discussing the link between efficiency equity and justice the nature of smith s theory of value and the ethical connotation of smith s critique part 4 deals with topics inherent to the functional dynamics and development process of the smithian commercial society these topics include law and authority the relationship between work and freedom the parable of the poor man s son and the economic and political consequences of the new secular orthodoxy finally the chapters in part 5 explore themes related to history and the smithian idea of progress they focus on the link between trade and progress of civilization smith s modern sociological vision of mass commercial societies smith s judgement on savage and premodern societies and the controversial question of the immanentistic or providentialist perspective from which smith considers both the social dynamics and the historical process adam smith and modernity will appeal to scholars and advanced students on 18th century philosophy the history of economic thought and the history of social and political philosophy
